Esty: Where Finding Real Love Takes Center Stage

Welcome to **Esty**, a place where your heart’s deepest desires are nurtured and protected. We know what it’s like to scroll through endless profiles and superficial bios, hoping for a spark. It can be exhausting especially when all you really want is to connect with someone who truly sees you. That’s exactly why we created Esty: to give you a **safe, genuine space** to discover meaningful love.

Navigate the Cosmos of Connection with Ease

Why Esty Feels Like Home

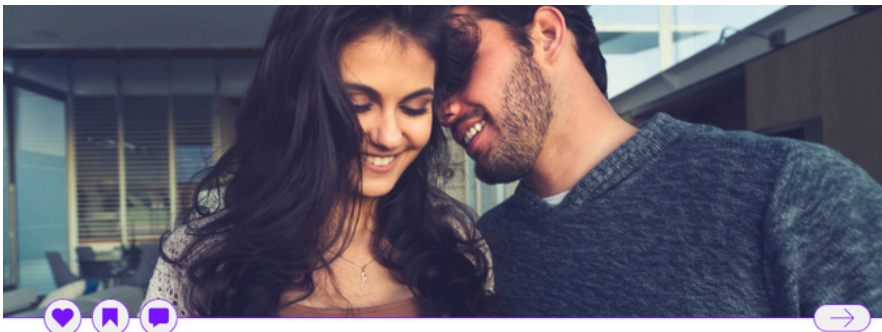

- **Deep Compatibility:** We believe real connections start with what’s inside your values, dreams, and passions. Our AI looks past the surface to find the people who truly resonate with your spirit.
- **A Safe Space to Be You:** From robust profile verification to thoughtful community guidelines, we’ve built Esty to feel like a warm, welcoming environment. No scams, no catfish, just authentic people like you ready to share their hearts.
- **Quality Over Quantity:** You won’t be swiping through hundreds of strangers. Here, your matches are carefully curated so you can take the time to learn about each other’s hopes, goals, and life journeys.

How Esty Was Born

My journey as a woman searching for a life partner I was tired of meaningless chats, endless scrolling and people who are on a completely different path. I yearned for a platform where I could feel **seen** where I could talk about my dreams for the future, and someone would actually listen. With my background in AI, I realized I could create a matchmaking experience that honors the most precious parts of us: our core values.

I teamed up with **Duane Dahl**, who helped build some of the most successful dating platforms in the past. He's guided thousands of couples toward love, and now we've come together to craft **Esty** not another app, but a place to form deep, lasting bonds.

The Importance of Emotional Intelligence in Relationships

The Esty Approach

- **Listening to Your Heart:** Our system dives into what truly matters to you, from your personal goals to the values you hold dear.
- **Protecting Your Vulnerability:** We've designed strong security measures so you can share who you are without worry. Every new member

is thoroughly vetted, giving you a safe space to open up.

- **Genuine Introductions:** Our AI ensures matches are made with intent. You'll meet individuals who share your vision of the future and the curiosity to explore what love can grow into.

It's Your Love Story

On Esty, we invite you to explore the idea that love isn't just about finding the "perfect" person, it's about allowing your true self to shine. When you join us, you become part of a warm, inclusive community that believes in **soulful connection** above all else.

Why Kickstarter?

We're launching on Kickstarter because we believe in **community**. By backing Esty, you're joining a circle of romantics, dreamers, and believers who understand the magic of true connection. Every pledge helps us

refine our AI, grow our community, and ensure that Esty remains a space where hearts can unfold naturally.

Become Part of Our Family

When you back Esty on Kickstarter, you're not just subscribing to another dating platform, you're stepping into a world where you can safely share your story and find someone to write the next chapters with.

If you're ready to move beyond the swipe and explore the depth of real love, **Esty** welcomes you with open arms. Let's embrace the journey of genuine connection together.

Thank you for believing in this vision. We can't wait for you to experience what it feels like to finally be seen and cherished for who you truly are.

Risks and challenges

The Esty.Love guarantee is a promise that if you are not able to find someone special within your initial membership term (the first 6 or 12 months), Esty.Love will give you an additional, matching 6 or 12 month extension of your membership completely FREE. Your success is paramount to our business.

Use of AI

Absolutely. Esty is powered by a ****proprietary AI-driven matchmaking system**** that we've built from the ground up. This technology helps us analyze user values, preferences, and behavioral patterns to create more meaningful connections. However, it's not about replacing human intuition—it's about ****enhancing**** it. Our AI quickly filters profiles, identifies deeper compatibility cues, and keeps our community safe, so users can focus on genuine, heart-centered connections.
