Story

We are raising funds mainly to be able to work full time on the program and also to buy the server that we will need to request all the downloads from our website. This will also help fund for a (.com) domain. :)

Funding period

Feb 4 2015 - Mar 6 2015 (30 days)

Risks and challenges

The risks and challenges will be the competition and ad's, because we are freeware based we don't charge for our services and rely on Ad revenue but I also don't want it to ruin the program because of ad spam.
