Story

EquiLink: Bridging the Equestrian World, One Connection at a Time

We're building something the horse world has been waiting for—
But to bring it to life, we need your help.

Funding period

Apr 26 2025 - Jun 25 2025 (60 days)

One Platform, Infinite Network

**Revolutionizing the way equestrians
connect, learn, and grow.**

The Mission

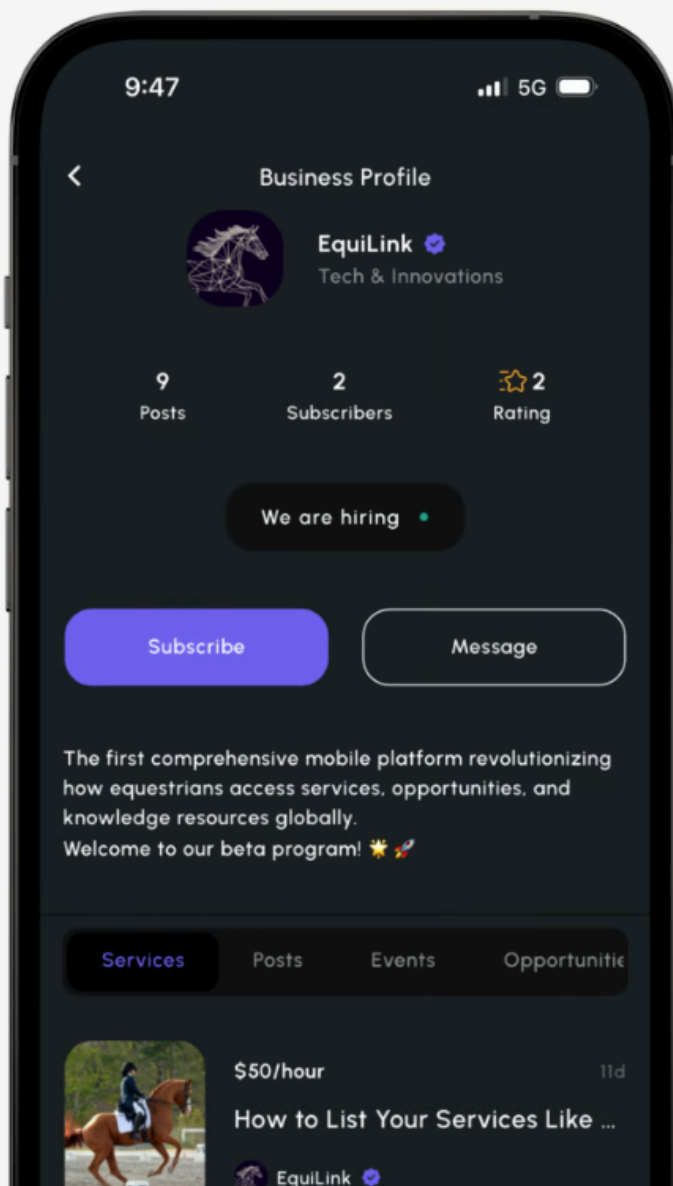

The equestrian world is full of passion, talent, and potential—but it's also scattered, disconnected, and, at times, hard to navigate. We've felt the frustration of trying to find a trainer who *gets it*, an event that speaks to your level, or even a farrier who shows up.

So, we decided to build **EquiLink**—a powerful, all-in-one mobile app that unites riders, professionals, businesses, and opportunities into one seamless platform. Think of it as the digital barn aisle where everyone comes together.

We're setting our Kickstarter goal at **\$2,500**—this is simply our *minimum* to ensure we receive at least a bit of funding to support this mission. But truthfully? To fully bring **Version 1** of EquiLink to life and deliver the game-changing tool our community deserves, we need to raise **\$40,000** in total. This includes our personal investment, fundraising efforts, and contributions from investors. Every dollar pledged gets us closer to creating the platform our equestrian world has been waiting for!

EquiLink

The Problem We're Tackling

Right now, the equestrian world is a maze of Facebook groups, outdated directories, and word-of-mouth connections. Riders are missing out on opportunities, small businesses are struggling to get seen, and events often go under-attended because people simply don't know they exist.

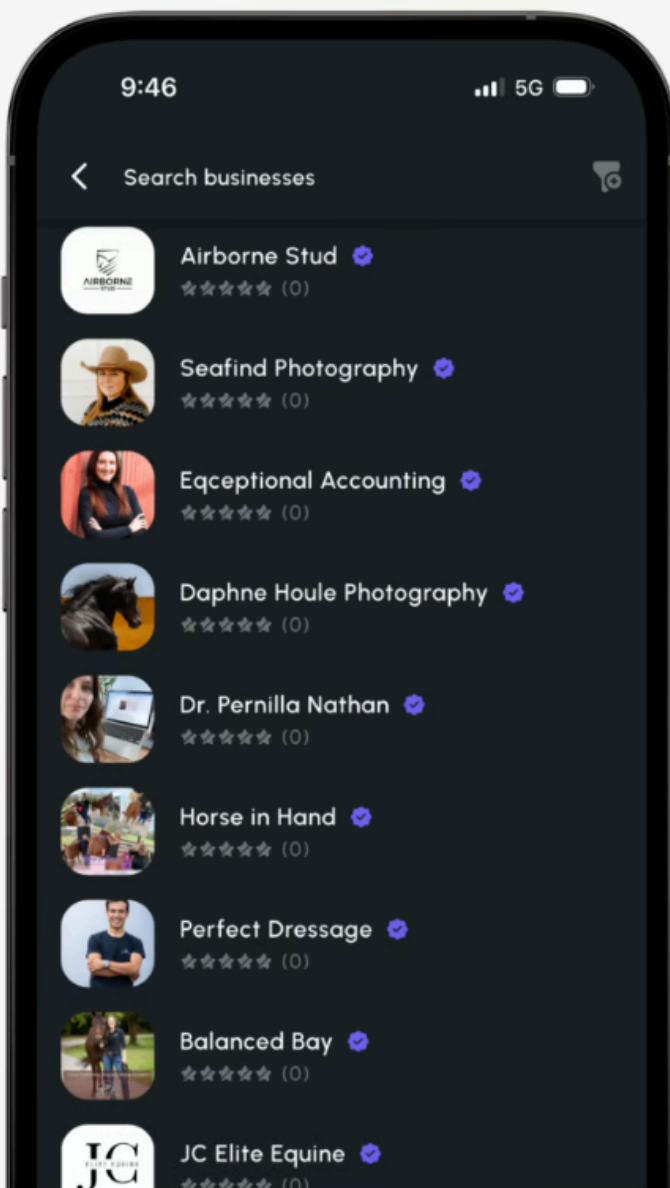

There's no centralized hub.

No easy way to connect.

No modern space built **for us, by us**. Until now.

What We've Built So Far

We've spent thousands of hours (and dollars!) designing and developing a platform with four key features:

Directory – A growing list of equestrian businesses and professionals, tailored to your needs and location.

Knowledge Hub – Articles, how-tos, and expert content to help riders grow at every level.

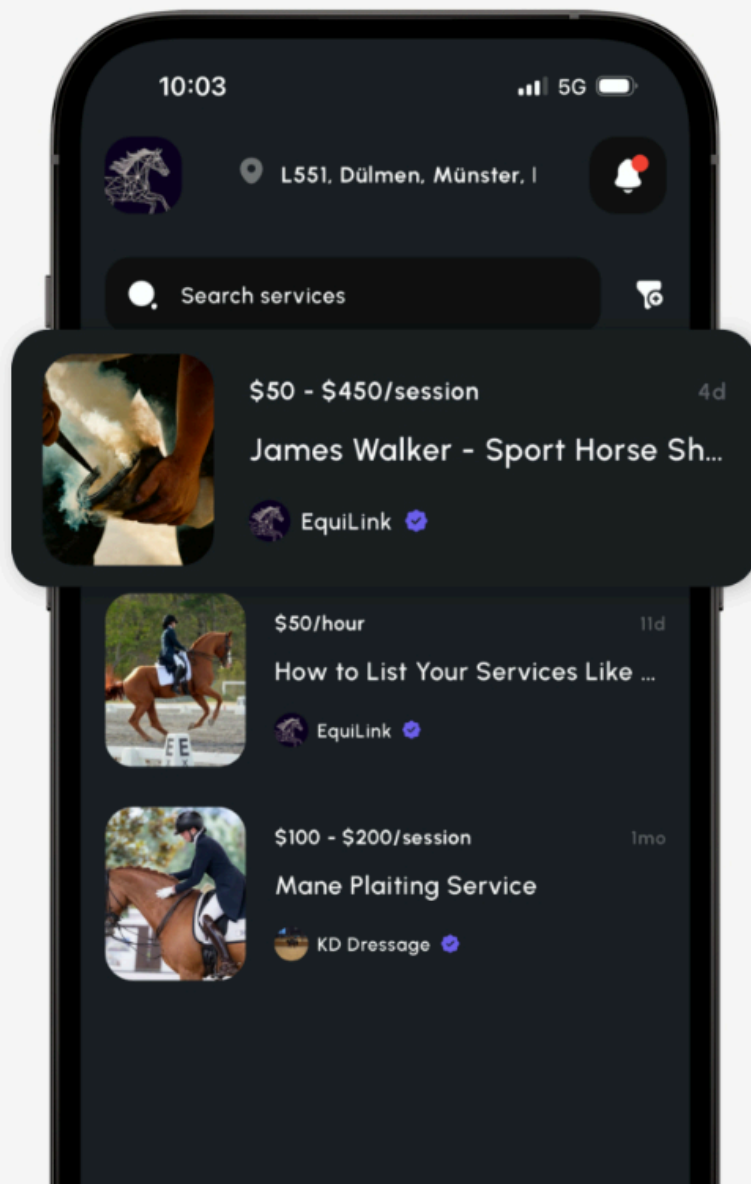

Events Calendar – Discover and attend local shows, clinics, and gatherings.

Opportunity Board – Collaborations, sponsorships, and unique growth opportunities within the equestrian space.

We're currently in beta and gearing up for App Store launch—but we need your support to finish strong.

Why We're Turning to Kickstarter

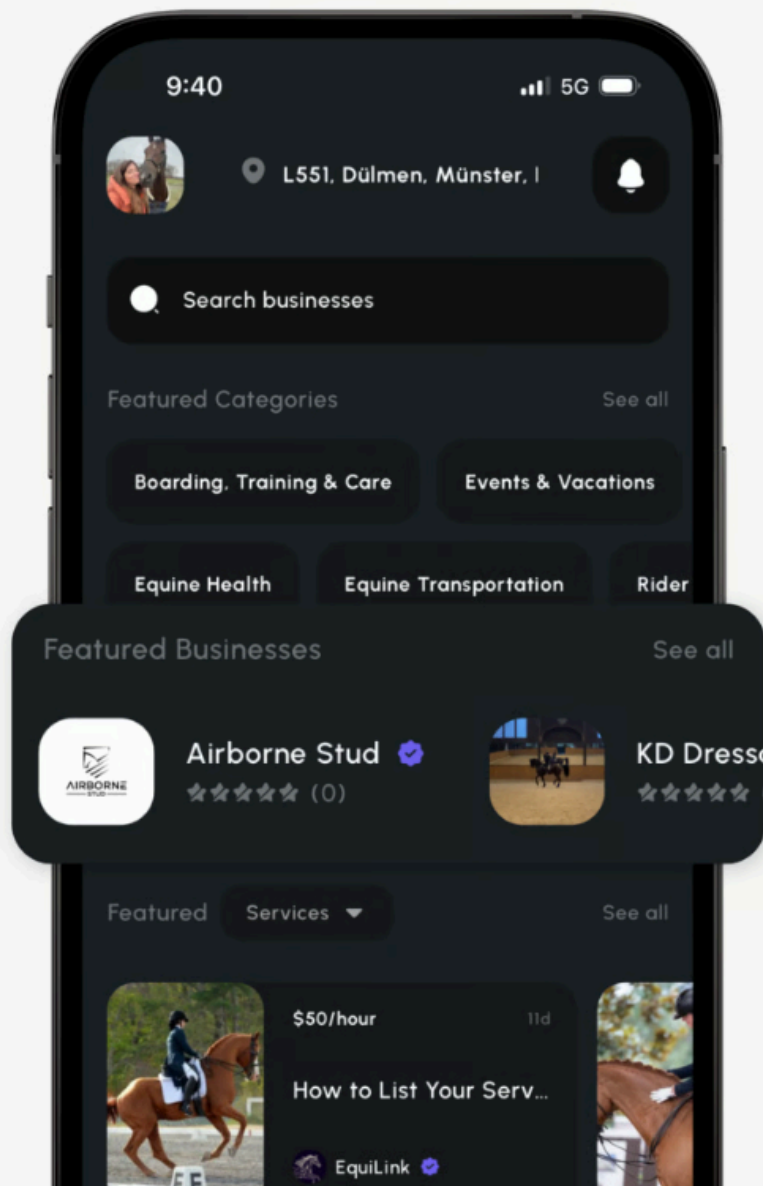

We've come this far bootstrapped—fueled by grit, late nights, and spare change. But taking EquiLink to the next level means covering:

- Final stages of development and testing
- Launch marketing and outreach to new users
- Legal setup
- Building a stronger foundation for ongoing feature updates

This isn't just about funding an app. It's about investing in a **more connected, accessible, and empowered** equestrian community.

The Vision Beyond Launch

EquiLink is just the beginning. Here's where we're headed:

End of Year 1: Introducing our **Emergency Relief Network**, supporting equestrians in times of crisis.

Year 2: Launching **EquiLink Experiences**—life-changing equestrian adventures, seminars, mentorship programs, fundraising and networking events around the world.

We're not just building an app—we're creating a movement.

How You Can Help

Back the project at any level—every bit counts.

Share with your barn family, trainer, or that horse girl in your life.

Join our community and be part of shaping the future of equestrian life.

Together, we can create something that leaves the horse world better than we found it.

Let's build this dream, one stride at a time.

From our hearts (and our saddles) to yours—thank you.

—The EquiLink Team

Risks and challenges

 Tech Development & App Store Approval

We're in the final stretch of development, but the road to a smooth, bug-free experience and app store approval can come with unexpected bumps. We're working closely with our development team and QA testers to ensure a stable, polished launch—but as with any tech project, timelines may shift slightly. If they do, you'll be the first to know.

 Growing Our Community

EquiLink is built for the equestrian community, by members of it. While our early feedback and beta signups have been incredible, building a vibrant user base takes time and trust. We're investing in grassroots marketing and

community partnerships to ensure riders, professionals, and equine businesses find real value here from day one.

 Sustainable Growth

We're committed to long-term impact, not just a flashy launch. This Kickstarter helps us bridge the gap from MVP to momentum. But like any startup, we'll face decisions around funding, scaling, and staying true to our vision. With your support, we can build a strong foundation—and grow the right way.
