# Story

## WHAT DOES Management Plus DO?

Credit card statements show you your transactions by date and time of purchase.

**Management Plus categorizes your transactions by type based on your general ledger and automatically puts each transaction in the right category.**

Each transaction in your statement shows you the final price you paid, including taxes.

**Management Plus calculates and extracts GST and PST taxes from these transactions allowing accountants to know exactly how much money to claim back from the government** since companies don't paid sales tax.

Company accountants and accounting firms spend millions paying assistants to make these calculations manually. They then pass on the bill to their clients. Human errors are also always possible. Management Plus resolves this issue and give accountants exactly what they need to know in seconds.

**Over 500 companies have already agreed to sign-up to Management Plus once it is launched.** Some of these clients are Fortune 1000 companies. The success of the project is guaranteed. Every accountant that has tested this software in beta mode has fallen in love with it! It saves them considerable time and money. Accounting firms will even turn a profit by billing their clients the usual fee for manually processing their clients credit card statements but then use Management Plus to do the job in seconds!

The rewards we are offering will give you, your website and your company, incredibly visibility towards high end corporate clients with tremendous buying power. Clients include: IBM, Canon, Fujitsu and many more. Don't miss out on this unique opportunity! Supporting us is a win-win situation.

## Funding period

May 17 2014 - Jun 16 2014 (30 days)

## FEATURES

### ALL CREDIT CARD TYPES SUPPORTED

Ability to add an unlimited number of companies. Support for Multiple Credit Cards (Visa, MasterCard, Amex or many of each).

### EVERY BANK WORLDWIDE

Multiple Sets of Credit Cards, General Ledger Accounts and Payees. Mostly used Sales Taxes already configured. New ones easily added. Past and Present Transaction Reports can be printed and archived.

### SAFETY AND CONFIDENTIALITY

Our corporation and servers are located in Montreal, Quebec, Canada. Latest technology used to ensure Maximum Safety and Confidentiality. Your data can be deleted at any time.

Management Plus is smart and intuitive. It learns your specific needs and works faster and better every time you use it.

## HOW IT WORKS

### REGISTER

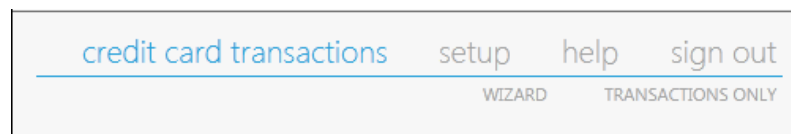

Login to your bank account online and Download your Credit Card Statement in .CSV Format.

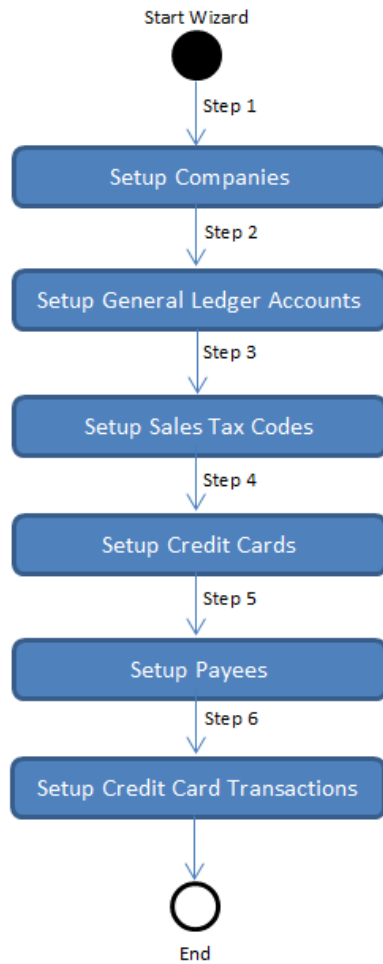

### GET LOGIN DETAILS

Login to your Private and Confidential Management Plus account and upload the .CSV file to the application

### VIEW AND PRINT REPORT

Print. Save. Archive. Even come back later to consult previous statements.

We need financing to finish development of the software and also to go to the next stage; bank statement analysis and processing. We also need one server for the front end, one for the SQL database and a Firewall.

A team of 3 full time programmers will be hired to complete the software which will be hosted in our data center in Montreal, Quebec, Canada.

The software is run via web interface and it will never be installed at a client location in order to protect the source code.

Basic software functionality is currently operational in Beta mode. **It is unique and proprietary.** We are the only company in the world to offer this service.

The software will be available on this domain:  
<http://www.managementplus.ca> (Under construction)

WHO IS BEHIND MANAGEMENT PLUS?

Preference Technologies inc.

<http://www.p-reference.com/about.php>

# Risks and challenges

Software should be officially launched on September 1st, 2014.  
In case bugs appear, launch may be delayed to October 1st, 2014.

Management Plus can process and credit card statement from any bank worldwide but delays may occur if certain types of CVS files cause glitches in the system during its processing. We will then need to debug/troubleshoot.
